**Emergency Preparedness Statewide Memorandum of Understanding (SMOU) Program**

Nebraska Health Care Association membership includes participation in the Emergency Preparedness Statewide Memorandum of Understanding (SMOU) program.

The SMOU is a tool used during an emergency and will help facilities comply with federal and state requirements for emergency preparedness. It is an agreement among members that they will provide resources and support to other facilities in the event of a disaster, to the extent possible and reasonable.

In addition to providing a list of possible emergency resources, a copy of the SMOU and a list of its participants can be shared with your survey team, along with other required MOUs, as evidence of your facility's compliance with emergency preparedness regulations.

Check here if your organization does not want to participate in the SMOU program.

To participate in the SMOU program, please provide updated emergency contact information for you facility below:
